Doug,

FYI

Below is a monthly request from Mr. Green on AOP issues related to our phone call on Tuesday. I get this one and another at the start of every month.

I'm assuming for Mr. Green's # 2 below, the 45-day review by EPA on Revision B and the ability to request EPA to object after the issuance covers requirements in the Order. Also, upon issuance – parties that commented can appeal to our Pollution Control Hearing Board.
